Multi Brand Chemicals

Range of World-class  
Eco-Friendly Cleaning  
Care Chemicals for all  
Industries

**INDUSTRIAL CARE**

CHEMICALS

## STAINLESS STEEL CLEANER / BRIGHTENER

- Recommended to clean stainless steel equipments such as storage tanks, pipe lines, vessels, inter-mix, conveyor systems, dye & moulds etc.
- Quickly removes water contaminant marks, rust, oil, dirt etc.
- Gives natural shine / Surfactant based
- Economical and biodegradable
- Also available in concentrate for specific purpose

## AHU / FCU COIL CLEANER

- Ideal to clean AHU - air handling unit aluminum fins and coils.
- Unique frothing formula quickly penetrates in to the fins / coil.
- Dislodges encrusted deposits such as carbon, rust, oil, fungus, dirt etc.
- Enhances the air flow rate - DRAUGHT and minimizes the energy consumption.
- Restores the originality of the AHU / FCU fins and coils / Promotes hygiene and good health.

## POWERFUL CLEANER AND DESCALING AGENT

- Effective descaling agent for copper, mild steel, stainless steel and other alloy metals.
- Versatile - Heat exchanger, condenser, water circulating systems etc can be effectively cleaned.
- Unique formula dislodges silica and other tough carbonates and sulphates.
- Protects the metal surface as it is blended with special additive.

## INDUSTRIAL TOILET & TILE CLEANER

- Quickly removes water contaminants, dirt and other hard to clean substances.
- Versatile can also be used to clean urinals and commodes.
- Controls Bacterial growth and foul smell.
- Provides a pleasant fragrance.
- Also available in concentrate form for specific purpose

## HEAVY DUTY CLEANER & DE-GREASER

- Used to clean epoxy floorings, vinyl floors, concrete floors etc.
- Removes hard to clean contaminants such as oil, grease, dirt, carbon etc.
- Safe to use on painted surfaces, machines and other equipments.
- Also available in concentrate form for specific purpose

## CLEANER & RUST REMOVER / CONVERTER

- Water based formula.
- Used to clean and remove rust from the metal surfaces.
- Removes oil, grease, dirt, road film etc.
- Leaves a sacrifice coating to prevent instant rusting.

**BEFORE**

**AFTER**

## INDUSTRIAL KITCHEN HOOD CLEANER

- Instantly removes oil, dirt, soot etc. Easy to clean, does not affect the base metal.
- Versatile can be used on metals surfaces
- Recommended to clean Kitchen Hood, SS Stoves, Exhaust Fan.
- It is biodegradable.
- Cost Effective & Economical.

## CHEF & DISH CLEANER

- Excellent product to clean and De scale Chef & Dish vessels
- Does not affect base materials
- Eliminates Buffing
- Keeps the vessel and clean allow better heat transfer
- Bio Degrade able

## HEAVY DUTY COMPONENT DE-GREASER

- Quickly removes oil, grease, dirt etc from the components Versatile
- Can be used in degreasing automotive components and engineering parts
- Economical and biodegradable
- Specially formulated to prevent immediate rusting
- Easily miscible with water

## HEAVY DUTY INDUSTRIAL HAND WASH

- Specially formulated anti-microbial hand wash liquid Gently removes oil, grease, dirt etc.
- Promotes healthy hands
- Heavy duty cleaner cum conditioner
