CAR SHAMPOO

DESCRIPTION :

Used to clean heavily contaminated vehicles, engines, flooring etc

FEATURES :

- Safe to use on painted surfaces.
 - Economical and bio-degradable.
 - Does not affect rubber or synthetic materials.
- Also available for Automatic car wash.

INTERIOR / UPHOLSTERY CLEANER

DESCRIPTION :

It is concentrated high foam anti-bacterial carpet shampoo designed to use for rotary extraction or foam carpet cleaning equipments.

FEATURES :

- Non-Soapy, quick drying cleaner.
- Helps to clean leather, vinyl, plastic, fabric parts etc.
- Removes dirt, oil, and other contaminants instantly
- Retains original surface.

GLASS CLEANER

DESCRIPTION :

It is an ammonia free liquid glass and mirror cleaner removes finger marks and general grime from all type of glass, polished stainless steel and mirror ware surface. It has an alcohol base for fast drying.

FEATURES :

- Free from ammonia and other harmful ingredients.
 - Non-Soapy.
 - Quick drying.
 - Provides a clear vision.
- Available in ready to use form also

TYRE POLISH

DESCRIPTION :

It restores the natural black look and delivers long lasting performance. This can be applied after washing.

FEATURES :

- Prevents direct impact of UV rays on the tyre.
- Enhances the life of tyre.
- Prevents cracking and bleeding of carbon from the tyre.
- Provides aesthetic appearance.
- Water based product.
- Solvent based product also available.

DASHBOARD POLISH

DESCRIPTION

Extending shine on dashboards, interior and exterior trims, rubber mats, and tyres. It is highly long lasting on dashboards. It is cost-effective and provides quick shine on a variety of surfaces.

FEATURES

- Quick drying dash board polish
- Restores natural texture of the dash board
- Gives a pleasant fragrance
- Can be used for side trims, crash guard, door handles etc
- Water based product / Solvent based product also available.

MULTI PURPOSE SHINER

DESCRIPTION

Shine extends high gloss with minimal usage. Long lasting, it leaves a wet feel with regular use and protects against cracks on leather surfaces. It is a single product which helps maintain both vinyl and leather surfaces.

FEATURES

- Versatile Product to shine Vinyl , Plastics, Leathers and rubber.
- Removes moisture instantly from the engine components.
- Safe to use and does not contain flammable substances.
- Guards against UV rays.
- Prevents from drying , cracking & fading.

RADIATOR CLEANER

DESCRIPTION

Radiator cleaner specially developed for cooling systems in general, but particularly those in motor vehicles and DG set. Dissolves contaminants containing lime and oil in radiators, heating systems, pipes and in engines.

FEATURES

- Removes the water contaminants in the radiator
- Quick drying
- Improves circulating efficiency.
- Maintains engine temperature at optimum level.
- Special additives does not affect base metal rubber or synthetic materials.

CHASE Rat Repellent for Engine Cabinet

DESCRIPTION :

Water base rodent repellent fortified with strong natural scent and ingredients that acts as effective deterrent against rodent attack on car engine bays, wires, rubber etc.

Leaves coating on the surface which prevents rodent menace

AUTO POWER Heavy Duty Car Cleaner (High Foam)

DESCRIPTION :

- Used to clean heavily contaminated vehicles.
- Safe to use on painted surfaces
- Economical and bio – degradable
- Does not affect rubber or synthetic materials
